Pope Benedict's Peace Note.

To the Hondo Anvil Herald:

The note sent last week by Pope Benedict XV to the belligerent nations Bros. of the world, asking them to consider peace terms, has caused widespread interest and discussion. From the press reports and the actual condition of the fighting in Europe, it seems display at the Wonder Millinery. that the prospects for settlement of the almost universal conflagration are to any car. The reason why the world, and America especially, should consider the proposal most seriously, are these

1. The terms laid down by the Popel have so striking resemblance with the declaration of our authorized spokeman, President Wilson.

2. The Pope has been and is neutral; the Holy Sea has an interest in all the waring nations, and although shorn of temporal power, it is best equipped for

3. The Holy See is well informed. Pope Benedict is a man of experience and great learning; he is surrounded by a body of men who are experts in civil law, church law and international The present form of government is the oldest in the world with the exception of China. The Holy See is in constant communication with all parts of the world having official relations with many nations; at least four nations have Ambassadors at the Vatican; fifteen have Ministers. With practically all other countries (for instance in U. S.) the Pope is represented by Apostolic Delegates, having official or unofficial recognition.

The Holy See has prevented and stopped many wars in the past; the voice of Rome was not heeden in 1914. To this power, mighty in spite of its weakness, a power in whose hand there is no sword, without army or navy, the bleeding, gasping world should not hesitate to look sooner or later for relief, or to accept it when the offer is made. TELEGRAM.

New Orleans, La., Aug. 16, 1917. Mrs. W. A. Schmitt, Hongo:

Red Cross has urgent call from Ma jor Murphy for enormous quantity of knitted wool articles. Here is capie gram from Major Murphy: "Last winter broke record for cold and misery among people here; in expressibly dread coming winter will find us without supplies to meet situation; urge you on behalf of our soldiers and those of our ailies who will suffer in their frozen trenches, and also thousands of French and Beigian refugees and repatriates being returned through Switzerland to France; every one here looks to America; begin shipping at once one million five hundred thousand each of warm knitted woolen articles aiready requested; they must come before coid weather and in view of shortage of fuel and other discomforts they will be of incredible value in both military and civilian work." We ask your chapter to furnish a defini e number of these requirements. Your allottment is sevency-five sweaters, seventyfive mufflers, seventy-five pair wristlets, seventy-five pair socks. Full instructions will follow in two days; ask your members to finish all knitting work now on hand and clear the decks for action; we want every chapter to have a chance to do its part in making goods in this call for help from France. You are urged to place copy of foregoing part of this message, including cablegram from Major Murphy in the hands of all newspapers with request to give full publicity to this first call; then get knitting committee together and have them lined up for rush job.

Moves Back to Hondo.

Mr. and Mrs. H. G. Henderson and daughter, Miss Isabelle, left Tuesday morning for Hondo, where Mrs. Henderson has been employed as teacher in the public schools the coming term. For five years prior to coming here she taught in the Hondo school, and it is a fitting tribute to her recognised ability as an instructor that she again secures the place. Miss Buford Henderson had gone to Hondo before the family left here. It is with genuine regret that we chronicle the going of these good people but we are consoled with the thought that their absence is only temporary, as Mr. Henderson remarked before leaving that Falfurrias would always be his home. - Falfurrias Facts.

Mrs. Wyatt Spent Three-Fourths of Time in Bed

Declares There Wasn't a Day For Eight Long Years She Was Free From Suffering-Now Well and Happy.

"If you had known the dreadful condition I was in hefore I began taking Tanlac you would be surprised to see me in this store now." said Mrs. Emma Wyatt, 116 Trinidad St., Houston, Texas, in an interesting interview with the Taniac representative in Kiesling's Drug Store, a few days ago.

"For over eight years," continued Mrs. Wyatt, "there was never a day that I was free from suffering with rheumatism, stomach trouble and indigestion, and before I took Tanlac I certainly was in an awful fix. For years I had no use of my right arm at all. I couldn't even raise my hand to my face and my fingers were so drawn and do any housework and was confined to my bed three-fourths of the time. For weeks at a time I was flat on my back unable to move without help, and the ittle time I did manage to stay out of bed my daughter had to dress and un-

"I suffered so terribly from indigestion and gas on my stomach at times I felt like I would die and my back ached and hurt me so bad I couldn't walk. I had such miserable headaches I could hardly sleep at all, and I was all the time taking medicine for the headaches and indigestion and nothing did meany good. I took about ever kind of medicine that I every heard of and used ! all the liniments I knew of for rheumatism but I just kept on suffering. I got so I couldn't eat anything scarcely and I wouldn't dare touch coffee. It was simply terrible the way I suffered. I just can't describe it, and I hardly had a minutes ease or comfort day or night. Life was truly a burden to me and I often felt that I would rather not live if I had to keep on suffering so.

"Well, some wonderful things hap pen in this world and my recovery since I began taking Tanlac is almost like a miracle. Oh! the good it has done me, and of all the people that have been helped by it none could be happier than I am. I can use my right arm and hand now as well as I ever could and every bit of headache and backache and all my other pains are gone entirey. I eat hearty, sleep like a baby and can do all of housework without a single bit of trouble. My appetite is fine, I have gained ten pounds in weight and feel like I have been made over nto a new woman. Just to show you how well I can use my arm and hand, I have written to all my relatives and iots of other people and told them about my recovery and advised them if they need medicine of any kind to take Taniac. I'm telling everybody I see who are suffering, if they want to get rid of their troubles, eat hearty and sleep good and feel strong and well, to take Taniac."

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store, in D'Hanis by Louis Carle, in LaCoste by Dickey Drug Co., and in Dunlay by Louis A. Haby.

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles? Such troubles should have immediate treatment with the strengthening powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fin-

Freezone dries the moment it is ap plied, and simply shrivels the corn or cal lus without inflaming or even irritating the surrounding tissue or skin. A sma bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard of soft corn or hardened callus. If you druggist hasn't any freezone he can ge it at any wholesale drug house for you

Importance of Healthy Kidneys.

Hondo Readers Should Learn to Keep Their Kidneys Well.

The kidneys have a big work to do. All the blood in the body is coursing through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a coid, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine-too frequent passages, sediment or retention. Thousands testify to the wonderful merit stiff I could not use them. I couldn't of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles 50 years. You will make no mistake in following this Hondo citizen's advice.

J. A. Hay, farmer, says: "Some years ago when working on the cars, the constant standing brought on pains through the small of my back and kidneys. As Doan's Kidney Pills had always been highly spoken of I got some. They did me a world of good and entirely rid me of the trouble.'

Price 60c, at all dealers. Don't simply ask for a kidney remedy-get Doan's Kidney Pills-the same that Mr. Hay had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Harrison, principal, history and science; C. N. Wilkinson, Latin and English; Miss Lucile Terrell, Spanish and English; Miss Bertha Frenzel, primary.

GRADE TEACHERS.

Miss Amanda Smith, 2nd grade; Miss Marguerite Wanshaff, 3rd grade; Mrs. Ed. Cameron, 4th grade; Mrs. H. G. Henderson, 5th grade; Miss Mary Moore, 6th grade; Miss Ethel Sanders, 7th grade.

Prof. J. W. Peeler, and perhaps other members of the faculty, will attend the teachers' institute to be held in San Antonio September 10th to 14th inclusive. There will be seventeen counties represented in the institute.

Ask Anyone Who Has Used It.

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed, and find that it is not only a good investment but saves them no end of suffering. As to its reliability, ask anyone who has used it.

Chronic Constipation.

It is by no means an easy matter to cure this disease, but it can be done in most instances by taking Chamberlain's Tablets and complying with the plain printed directions that accompany each package.

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and

beautifier. Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

> Two difficulties are sometimes met with in trying to secure a crop of grain from the grain sorghums-the midge and the smut. The former is a small insect pest that destroys the embryo of coping, when once infested, have yet been discovered. Farmers should. therefore, avoid allowing any sorghum stubbles-including Johnson grass-to head out and afford breeding places for these pests. To clean cultivation of the sorghum fields should be added isolation of the fields-the planting of these crops as remote as possible from other fields of a similar crop and with other crops intervening where possible. These precautions will also serve as security against smut, but as it is a disease transmitted through the seed the best security lies in planting only healthy seed. If one can not be sure that the seeds are healthy, soaking the seeds for about two hours in a solution of one pound of 40 per cent. formalin to thirty gallons of water, or sprinkling this thoroughly over the seed and leaving them covered over night, will destroy the spores of the kernel smut.
